CNF®
FERTILIZING MADE EASY

NEEM CAKE

ORGANIC FERTILISER

Nourish the soil. Support natural growth.

CNF PHOSPHATE (INDIA) PVT LTD **50 KG**

NEEM CAKE

ORGANIC FERTILISER

Natural organic manure obtained after oil extraction from neem seeds (Azadirachta indica). A soil conditioner and organic nutrient source for crop nutrition programmes.

SUPPORTS SOIL FERTILITY

Adds organic matter and supports soil microbial activity.

IMPROVES SOIL CONDITION

Supports soil structure and water retention.

COMPLEMENTS CROP NUTRITION

Provides organic nutrients and supports nutrient use efficiency.

PRODUCT ANALYSIS

Total nitrogen, min.	**1.50%**
Total phosphate (P2O5), min.	**0.20%**
Total potash (K2O), min.	**0.50%**
Total carbon, min.	**23.0%**
Moisture, max.	**10.0%**
Ash content, max.	**15.0%**
pH	**4.5-6.5**

APPLICATION GUIDE

Field crops	**100-200 kg / acre**
Vegetables	**200-400 kg / acre**
Fruit trees	**1-3 kg / plant**
Plantations	**250-500 kg / acre**

Label guidance: adjust dosage to crop and soil conditions.

How to apply
Broadcast and incorporate into soil before sowing. For standing crops, apply near the root zone followed by light irrigation. Can be mixed with farmyard manure or compost.

HANDLING & STORAGE

Store cool and dry, away from sunlight and moisture. Reseal after opening. Avoid strong alkaline mixtures. Wash hands after handling. Keep away from children; for agricultural use only.
